Shademakers

New Zealand's leading manufacturer of high quality giant size umbrellas for both commercial and residential use. Hailed worldwide for their elegant design and ease of operation and maintenance.

Sola

Elegant and technically refined residential side post umbrella with a sporty nautical flair, 360° rotation feature and two levels of tilt.

Lightweight marine grade materials guarantee longevity. Large sizes without a centre post provide maximum space and shade. Folds back to the main post when not in use. Straightforward installation and maintenance. Can be easily removed for seasonal storage.

Liberty

Robust and attractive commercial grade side post parasol with 360° rotation that combines the design elements of both the Sola and the Resort. Ideal for residential and commercial settings where style, low maintenance and durability are important. The entire canopy structure can be easily removed for seasonal storage or protection against vandalism.

Resort

Heavy duty commercial parasol with 360° rotation. Ideal for commercial use where large coverage, superior design, low maintenance and lasting beauty are all important. Excellent solution for windy locations. Link multiple Resort parasols together with zippered rain gutters to create the ultimate shade area.

Canvas

100% acrylic canvas, rot and fade resistant. Available in a wide variety of colours.

Branding

Canvases can be printed with logos for a high impact advertising opportunity.
