Tophoven

Tophoven manufacture a wide range of commercial parasols. Using modern materials they have created a range of parasols that can withstand the rigours of everyday commercial use.

Tophoven parasols provide a cost effective means to promote any brand. All Tophoven parasols can be printed to create a high visibility advertising platform.

Capri

Aluminium pole of either 40 or 50mm in diameter, with 8x12mm rectangular ribs that provide excellent flexibility. Available in sizes up to 3.5m octagonal or 3.0m square, operated with either a slider or a manual lift system.

Bali

50mm aluminium pole with heavy duty 10x20mm fibreglass ribs. Operated using a conventional pulley system. Available in sizes up to 4.0m octagonal or 3.0m square.

Nizza

60mm aluminium poles with a built in telescopic closing mechanism to allow larger size parasols to close over tables. Aluminium ribs on all larger sizes, fibreglass ribs available for some smaller models. Available in sizes up to 5.0m octagonal or 4.0m square

Canvas

Available as standard in Valmex airtex in a wide variety of colours with a waterproof coating. Other fabrics are available for special projects.
