

Classic Parasol

Premium quality commercial grade wooden parasols

Durable and robust
Available in a wide range of shapes sizes and colours

Tradewinds Classic Parasols

Eucalyptus wood frame with a one piece pole and heavy duty struts, for ultimate strength. Stainless steel fittings and the Tradewinds original bracket system ensures that components are interchangeable and replaceable.

Teflon coated Dralon acrylic canopy with reinforced pockets for strength and a large air vent for increased stability.

The ultimate wooden parasol.

Technical Specifications

Size	Shape	Tilt	Pole	Recommended Base		Cover bag size	Number of Struts	Clearances	
		Option	Diameter	Concrete	Metal			Closed	Head
