## TUUCI

Innovation, design and durability are the cornerstones of the Tuuci tradition. Every Tuuci parasol is crafted with premium materials and to rigorous manufacturing standards.

### Ocean Master

Tuuci's flagship parasols combine talented design with experienced engineering to create practical shade. Manufactured to marine grade standards with replaceable components and Tuuci's 15/5 year warranty.

Frames available in either aluminium or Dura Flex, Tuuci's unique fibreglass with teak finish. A wide variety of shapes and sizes to suit any location, including Autoscope models that allow larger parasols to close over tables.

### Zero Horizon

Zero Horizon is a dramatic, minimalist parasol that maximises overhead shade whilst creating a "zero" vertical canopy profile. This results in minimal fixture impact in positions of natural beauty.

### Manta

Manta is inspired by the graceful ocean flight of the Manta Ray. Sweeping lines invoke an image of effortless grace and strength. The Manta sets a new benchmark in shade design.

### Canvas

Available in fade resistant Sunbrella fabrics or Grey Aqualon sharkskin fabric.
