

The giants of the umbrella world, the XXL parasols are the perfect choice to shade large areas. The square and rectangular umbrellas can be connected with “rain gutters” to provide extremely large shade for commercial and municipal applications. The Uhlmann XXL parasol can cover surfaces up to 78 sq.m.

Manufactured with ease of use in mind, the telescopic system and integrated gearbox with crank handle, makes operating these extra large umbrellas very easy.

Large enough to cover an entire patio with just one umbrella, they provide commercial establishments with ample sheltered space for their customers.
