

The Spectra cantilever parasol is extremely wind-resistant and suitable for both the residential and the contract market. Because of its unique shape, the Spectra offers an endless variety of positions. This stunning parasol combines the beauty of the flat design with the functionality of the fan system. Thanks to this system, the Spectra closes horizontally instead of vertically, a truly unique and contemporary concept.

The Spectra parasol can be used on a terrace, in the garden or next to the pool. This parasol can also function perfectly on a spacious balcony.

The square cantilever umbrella exists in two sizes: 2.5 m and 3 m. You can choose a straight post or a forward post.

- VARIETY OF POSITIONS
- UNIQUE & CONTEMPORARY DESIGN
- RESIDENTIAL & CONTRACT USAGE
- HIGHLY WIND RESISTANT

SIZES

Size (m)	Shape	Canopies	Mast

FRAMES

With an aluminium frame and fibreglass ribs, the Spectra parasols are highly durable and suitable for domestic and commercial use. The frame is available in a choice of three finishes: aluminium, lacquered white (RAL9016) and lacquered dusk (RAL 8022).

As with all of our parasols, spare parts and replacement canopies are readily available.

CANOPIES

Canopies are available in a choice of two fabrics:

SUNBRELLA: 100% acrylic 260g/m², colour rating 7/8, water repellent, stain-resistant.

SOLIDUM - 100% acrylic 250g/m², colour rating 7/8, water repellent, stain-resistant.

NOTE: Colours show here offer an approximation of their actual real-life counterparts, as screen and print settings on different computers cannot accurately reproduce some colour values.
